MC ARMOR

Miguel Caballero

MC Armor -Miguel Caballero has been producing solutions for ballistic protection, equipping more than 40 military forces worldwide, which has allowed us to know the daily force needs.

Due to this great experience, our Corporate Mission became: **PROTECTING LIFE.**

Our company over time has developed products according to the requirements of our clients, based on our pillars: Applied Design, Technology, Certified Quality and Innovation, to guarantee the satisfaction of our customers and exceeding their expectations.

ISO 9001

We have the certification of this international standard, which promotes the adoption of a process-based approach, where the effectiveness of the quality management system is developed, implemented and improved, to increase customer satisfaction by meeting their requirements.

ISO 14001

We have the ISO 14001 environmental certification that allows us to establish commitments and activities for the prevention of pollution through programs that guarantee appropriate and economically viable results.

NIJ 01.0106 Ballistic Resistant

MC ARMOR has 12 certifications granted by the NIJ (National Institute of Justice). This agency of the United States Department of Justice developed the verification system for ballistic protection products that ensures that the user has the highest level of protection possible and that it is the strictest reference in the control and certification of quality standards of personal protection products.

BA 9000

BA9000

The BA 9000 certification is an extension of ISO 9001, a quality management standard. Manufacturers who obtain the BA 9000 certification must meet additional requirements which are very specific to the manufacturing and testing of ballistic garments. For BA 9000 certified manufacturers, the testing frequency can be cut in half.

ISO 45001

Icontec has issued an IQNet recognized certificate that Miguel Caballero has implemented and maintains a OCCUPATIONAL HEALTH AND SAFETY MANAGEMENT SYSTEM for design, production, commercialization and maintenance of garments and products of security and/or personal protection of textile and/or ballistic resistance.

PROOF OF EXCELLENCE

DESIGN

We have a portfolio of products developed to adapt to the needs of each user, taking into account different factors:

- + Weather
- + Type of use
- + Risk to which is exposed
- + Technical requirements
- + Elements that it carries

CERTIFIED QUALITY

Design, development and production according to the highest quality standards of the market; thus guaranteeing personal protection solutions tailored for the user needs.

TECHNOLOGY

We count on our Research & Development department which continuously researches to obtain the latest generation materials for developing new prototypes, in order to generate an additional value to satisfy the changing needs of the market.

||||| PROOF OF EXCELLENCE

OUR VALUE PROPOSITION: INNOVATION

Our value promises: quality, design and technology allow us to develop products with added value, a high degree of innovation that guarantees the satisfaction of each of our users.

COMPANY BENEFITS

SAVING LIVES THROUGH QUALITY

Our club is focused on gathering and communicating the stories of all those who have survived ballistic threats and accidents while wearing our products.

If your armored product is shot in the line of duty and your product is damaged, MC-ARMOR® Miguel Caballero® will replace it free of charge in exchange for your testimony.

*Subject to terms and conditions. For more information, please email contact@mc-armor.com

MIGUEL CABALLERO

Our company creates specialized personal protection solutions offering innovative garments and products that adapt to the different needs and situations that threaten the physical integrity of the user in order to preserve the lives of human beings. Our products comply with the most demanding standards of quality and have been subjected to rigorous performance tests; obtaining international certifications that endorse each of our processes.

Miguel Caballero

MILITARY

M I L I T A R Y

Our user **S33 - MILITARY**, lives to defend the sovereignty of their homeland, their constitution, their independence, their order and their lifestyle in the most extreme environments and conditions, against the most varied and serious threats that can be found.

For this reason, our **S33 - MILITARY** product line is designed and developed under the highest quality standards, with state-of-the-art materials that allow us to offer the greatest comfort and convenience possible and with the priority to provide the highest degree of protection possible.
